**1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)**

We are customers of the Company and have had an increase in the last 2 years when our house burned down.

**2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)**

Having lived on this lot since 1974 then our house burned down two years ago and water the lawn from the lake and don't when we are told not to the price we pay is enormous and increased in the last two years since it burned down. There are only two of us both 77 years old and my husband has Alzheimers and doesn't bath as often with very little company I have had the water checked and with it being a new house now they have found no leaks. The size is still the same. So why has it gone up all ready with a talk of going up more. This will really hurt us elderly with lower incomes please reconsider this proposal.

**3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? \***

We will not be able to attend with my husband having Alzheimers and I have to stay and take care of him because I am the only care giver. I wish I could be there because this is serious.
